

Marine Pump Conversion Chart:

If you cannot locate your specific model number below, please reference the **MARINE PUMP** section of our website to locate a pump that meets the criteria closest to your current pump model. You can also review the specific pump product data sheet for detailed product information. This will insure you identify a pump that is compatible to your existing model.

OEM pump models listed below are for **MARINE manufacturers only**. If you have a pump with an OEM part number, please replace it with the aftermarket part number highlighted in blue.

If you need further assistance, please email us at: customer_service@SHURFLO.com
